**AMISHA**  
Program: Integrated Science,  
Health Sciences  
Year: Fourth Year  
Hometown: Ottawa, ON

Why did you choose Carleton? With Carleton, everything just seemed to fit. The location, the people, the program, the opportunities, the scholarship... everything! I interacted with Carleton numerous times before I made the big decision, I came with my gr.12 chemistry class to attend a chemistry lecture and perform an experiment (which was amazing by the way), I came on CU day, I spoke to a few professors I knew beforehand and, I also spoke to... **CHAD**  
Program: Industrial Design  
Year: Second Year  
Hometown: Samia, ON

Why did you choose Carleton? I chose Carleton University because of its strong Industrial Design program. I knew I wanted to go into Industrial Design because it is the perfect blend of art and science, as I enjoy both sides of life. Carleton has a strong reputation in both the math and science side as well the arts. Why do you recommend Carleton to prospective students? I would recommend Carleton because of its beautiful campus... [Read more](#)
