Canada
Canada has a reputation for being one of the safest, most beautiful countries in the world. Ranking very high\(^1\) for quality of life, Canada is a vast, multicultural country with a history of helping others and welcoming people from across the globe.

Ottawa
Home to over 1 million people, Ottawa is a diverse and educated city. Almost 40 per cent of Ottawa’s residents are bilingual (speaking English and French, Canada’s two official languages), and many Indigenous peoples also live in Ottawa, including Cree, Ojibwa and Inuit. Ottawa is home to a wide variety of global communities and cuisine - so not only will you experience new cultures, you will also meet people who speak your language and share your traditions.

QUALITY OF LIFE
- One of the world’s Top 100 Cities\(^1\)
- Ranks 7th among global cities for work-life balance\(^2\)

LIFESTYLE
- One of the world’s top 55 best cities for students\(^3\)
- Over 980 km of multi-use pathways, bike lanes, off-road paths and paved shoulders throughout the area

EMPLOYMENT
- \#1 for lowest unemployment rate compared to Canada’s six other largest cities\(^4\)
- Home to 130 embassies and high commissions from around the world

\(^1\)Resonance Consultancy, \(^2\)Kisi, \(^3\)QS TopUniversities \(^4\)Statistics Canada
Unique landmarks and exceptional experiences
Both a UNESCO World Heritage Site and a National Historic Site of Canada, the Rideau Canal is a 202 km historic waterway that connects a series of beautiful lakes and rivers. You can explore this major attraction all year — walking, biking and boating. In winter, the Canal becomes the world’s longest skateway! Students can easily access green spaces throughout the city as well as in nearby Gatineau Provincial Park.

The heart of downtown Ottawa
Ottawa is home to seven of Canada’s nine national museums, including the National Gallery of Canada. Explore diverse restaurants, theatres, nightclubs and bustling farmers’ markets. The capital is easily navigated via bike paths and public transit. Be sure to check out Ottawa’s historic ByWard market for shopping, dining, arts and entertainment.

Student academic advantage
Ottawa is home to the federal government and has a booming high technology sector (with 1,900+ tech companies), non governmental agencies, life sciences research facilities, embassies, national galleries and museums - providing ample opportunities for students to gain work experience in their fields of study.

“Ottawa is one of the most amazing cities in the world. I’ve lived in three continents and four cities and haven’t seen the kind of hospitality, socializing and smiling faces that I’ve seen in Ottawa in any other place. Ottawa became a place I call my home in such a short time and I owe this to the amazing activities, people, and places this city offers.”

Kamran, Bachelor of Arts (Criminology)
From: Azerbaijan, United States

Carleton offers experiences

Join our commitment to do good for our communities at home and around the world and contribute to real-world solutions while realizing your academic, personal and professional potential.

Experiential learning is an integral part of your Carleton education. Whether in the classroom, in the workplace, or in the community, here are just some of the ways our students tailored their degrees.

**BRING YOUR CURIOSITY AND PASSION TO CARLETON**

**INDUSTRY PARTNERSHIPS**
My team partnered with a major company to design a real-world product as our final year project.

**VARSITY AND INTRAMURAL SPORTS**
I played my sport and competed against other Carleton students and other universities.

**CO-OP**
I got paid work experience in a major tech company and made connections that will help me get my first job after university.

**INNOVATION HUB**
I developed a business idea with a group of friends from different programs and Carleton helped me make it a reality.

**INTERNATIONAL EXCHANGE**
I had the opportunity to complete a semester in one of many partner universities around the world. I chose to go to Spain.

**FIELD EXPERIENCE**
Our professor took us on a weeklong trip to South America to experience what we are studying in class.

**CLUBS & SOCIETIES**
I was involved in a student society for students from my country and also an outdoor activities club.

**VOLUNTEERING**
I took part in PASS (Peer Assisted Study Sessions) and helped students with courses I took in previous years.

**YOUR DEGREE IS UNIQUE TO YOU**

Legend
* Co-operative education available
* Early Deadlines
Admission requirements

Secondary school (high school) graduation is the typical minimum level of study to be considered for admission to the first year of an undergraduate program at Carleton University. This is your ‘basis of admission’. We recognize and accept national qualifications from most countries. Secondary education should normally consist of a minimum of 12 years of study. For some countries, where the secondary system is fewer than 12 years, applicants may be required to have completed one year of university study. If you apply while studies are in progress, you may submit your most recent grades to be reviewed for a conditional offer.

**Prerequisite courses**

Admission requirements vary by program, so depending on your program of choice you may also be required to present specific subjects (prerequisites) with minimum grades. These subjects should be taken at the highest level offered at your school. See the chart on pages 6 and 7 for the prerequisite subjects needed for each degree program.

To see the specific admission requirements and prerequisite subjects for your chosen degree program from the education system you have completed, use the tool on carleton.ca/international.

American/US High School
- At least four academic units must be presented in grade 12 and a minimum of 16 academic units completed in grades 9 to 12. A minimum average of B- is required for admission. For some limited enrolment programs, a higher average may be required. You are encouraged to submit SAT or ACT scores and a school profile to support your application.
- Prerequisite courses must be at the grade 12 level. See website for exceptions. If a prerequisite course is not available at your school, contact Admissions Services for guidance.
- Advanced standing (transfer) credit may be awarded for Advanced Placement “AP” exams with a minimum grade of 4, to a maximum of 3 credits.*

Caribbean - CAPE
- Caribbean Secondary Education Certificate (CSEC) with at least 5 subjects. Two 2-unit or four 1-unit CAPE subjects are also required.
- Please note that Carleton will always consider the highest level taken in any subject.
- Advanced standing (transfer) credit may be awarded for 2-unit CAPE courses completed with a grade of I-III (in each unit) to a maximum of 3 credits*.
- Prerequisite subjects must be at the CAPE level. See website for exceptions.

Chinese High School
- Admission average will be calculated using all 9 academic subjects at the highest level taken. Prerequisites must be presented at grade 11 or 12.
- Final grades and official graduation certificates are required. The graduation certificate should be verified by China Higher Education Student Information and Career Center (CHESICC).

French Baccalaureate
- Completion of the French Baccalaureate is required, with minimum ‘Asséz bien’ or ‘Bien’ results overall, including prerequisite subjects. Please note some limited enrolment programs may have higher requirements.
- Applicants should provide their transcripts for Première and first trimester(s) of Terminale, or if completed, their final results.
- French Baccalaureate students may be awarded advanced standing (transfer) credit for subjects with a grade of 12 or better to a maximum of 3 credits.*

Indian High School
- One of the following Higher School Certificates is required: All India School Certificate (CBSE), Indian School Certificate (CISCE) or one of the state board certificates. Students must submit their mark sheets/exam scores from examinations taken in the X and XII level, or if studies are in progress at the time of application, mid-year, pre-board or mock exam results from XII may be submitted for consideration.
- Admission averages will be calculated on 5-6 academic subjects completed in the XII level.
- Prerequisite subjects must be taken at the XII level.

International Baccalaureate (IB)
- The full IB diploma is required (three standard [SL] and three higher level [HL] subjects), with a minimum of 28 points (please note that some programs are more competitive, and will require higher scores).
- One subject with a grade of 3 is acceptable provided it is offset by a grade of 5 or better. Prerequisite subjects must have a grade of 4 or better.
- IB students may be awarded advanced standing (transfer) credit for HL subjects with a grade of 5 or better to a maximum of 3 credits.*

UK/British System A Levels
- The General Certificate of Education or equivalent is required, with satisfactory standing in five subjects at the GCSE, IGCSE, or Ordinary “O” Level. Two suitable subjects at the Advanced “A” Level, or 4 “AS” Levels are also required.
- Prerequisite subjects must be at the A or AS level. See website for exceptions.
- Please note that Carleton will always consider the highest level taken in any subject.
- Advanced standing (transfer) credit may be awarded for A Levels completed with a grade of C or better, to a maximum of 3 credits.*

West Africa - WAEC
- Students must submit West African Senior School Certificate Examination (WASSCE) results for 8-9 subjects. The admission average will be calculated using the best 6 academic subjects including any required prerequisites.
- WASSCE results must be received directly from the West African Examinations Council (WAEC) or verified using scratchcard information.

*See which courses may be granted credit on the Admissions website.

All other curricula
If your curriculum is not listed, the general requirements will apply. Please visit carleton.ca/international for more information. If you still have questions, please contact international@carleton.ca
English language requirements

For admission, you will need to demonstrate that your knowledge and use of English are strong enough to study in an English language university.

There are two ways to demonstrate your knowledge and use of English:

Show that you have studied for the last three years (full-time) in a high school, college, or university in Canada, the United States, the United Kingdom or any other country in which the primary language is English and where the language of instruction in the relevant institution was exclusively English. For more details, please refer to admissions.carleton.ca/esl/.

OR

Submit an English as a Second Language (ESL) test result. Depending on the score achieved, you may receive:

A) Admission with no ESL requirement:
Begin your full-time undergraduate degree studies.

OR

B) Admission with an ESL requirement (ESLR)*: Carleton will admit you to your degree program with the requirement that you complete up to three ESL (English language courses) during your first terms of study.

You must submit a score in the above ranges in order to be considered for admission. You may retake a language test and submit a higher score to be considered for admission.

*Please note that the following programs are not available for entry with an ESL requirement:
- Architectural Studies
- Health Sciences
- Humanities
- Industrial Design

- Information Technology
- International Business
- Journalism
- Journalism and Humanities
- Media Production and Design
- Public Affairs and Policy Management
- Post Baccalaureate Diploma (all)

For more information, please visit our website at admissions.carleton.ca/esl.

How to apply

Apply to Carleton in just five easy steps.

1. Sign up today at 360.carleton.ca
   Based on the degree programs you're interested in, where you live and when you want to study, you'll get tailored information, including invitations to events, deadline reminders and more!

2. Apply online
   Complete an online application through Carleton360 OR Ontario Universities Application Centre (OUAC) and pay the application fee.

3. Upload documents
   Provide transcripts from your final years of high school or highest level of education, along with any graduation diploma, certificate and graduation exam results. If you are applying before your final grades are available, we will review mid-year or interim grades for an early/conditional offer.
   Upload an English as a Second Language (ESL) test score and any other documents if requested.

4. Monitor your application
   Keep an eye on your application to see if we request further documents and to view decisions. We will communicate with you by email and through your Carleton360 account.

5. Accept your offer
   After you receive your offer of admission, be sure to accept by the date indicated on your offer letter to reserve your spot in the program. You can view and accept your offer in Carleton360 or in OUAC, depending on where you made your application.

We operate on a rolling admission timeline which means that the sooner your application and documents are received, the sooner we can process your application.
Tuition, costs and scholarships

We offer one of the most generous scholarship programs in the country. Last year, 15,000 scholarships and bursaries totaling over $31.9 million were awarded to undergraduate students.

Undergraduate Entrance Scholarships

Entrance Scholarships are automatically offered to all high school students who meet our academic and language requirements. The scholarship amount is based on the applicant’s previous academic performance. These merit-based scholarships are renewable each year with an A- standing (annual GPA of 10.0). If the A- standing is not achieved, the original scholarship can still be regained in future years if the required GPA is obtained.

Prestige Scholarships

Students with an admission average over 90 per cent are eligible to apply for one of our Prestige Scholarships, our highest awards. These competitive scholarships are awarded based on both a student’s admission average and participation in community and secondary school activities (leadership, community service, and extracurriculars). The values of the Prestige Scholarships range from $5,000 to $13,023 CAD per year and they are renewable based on maintaining a minimum A- (10.0 GPA) in full-time studies. An application is required. Deadline: March 1

Specialized Scholarships

Check the Awards website for any specialized scholarships, including the Law Scholarship in Architectural Studies, a $10,000 scholarship awarded annually to an outstanding full-time undergraduate international student entering the Bachelor of Architectural Studies. Eligible students must be admitted from a high school in China/Hong Kong. An application is required.

* Based on double room, includes an All Access Meal Plan and Internet.
** Estimate based on eight months of rent (shared accommodations), utilities, internet and groceries. Costs will vary depending on type of accommodation.
*** Currency exchange rates vary.

For fees by program, see carleton.ca/fees
**Co-op and career opportunities**

Over time, Carleton has built strong relationships with the high-tech sector, local industry leaders and research scientists, creating many valuable work opportunities for students.

Carleton is #8 in Canada for graduate employability.

QS World University Rankings, 2023

**“Co-op” = paid work experience**

The majority of Carleton’s undergraduate programs include a co-operative education option (known as “co-op”). Study terms alternate with paid, full-time work terms that are directly related to your program of study. You can gain 12 to 16 months of work experience during your degree. Typically an additional year of study is required to complete the co-op option.

Some benefits of participating in the co-op program:
- Learn essential job search skills and build your professional network
- Put theory into practice and solve real-world problems in your field of study
- Develop professional skills that employers are looking for
- Explore different career environments to find your best fit
- Earn money to help with tuition costs

Carleton's co-op office supports you with your job search, facilitates the hiring process and develops connections with potential employers who post jobs for our students.

You can apply to the co-op program when you apply for your degree program at Carleton, or you can apply later in your studies (typically at the end of first or second year).

Salaries range from minimum wage ($16.55/hour) to $30/hour depending on the program. Students usually work 35 to 40 hours per week during a co-op term.

**Other work-study options**

Many programs include a work-study component such as a practicum, field placement, field course, apprenticeship or research placement. Carleton also offers an International Internship Program that connects students in all disciplines with internships worldwide for academic credit.

**Working in Canada**

Most international students studying full-time can:
- Apply for a job on campus at Carleton University
- Apply for a part-time job off campus during the school year (20 hours per week maximum)
- Apply for full-time work during scheduled breaks (such as reading week, summer break)
- Apply for a work permit after you graduate (for up to three years) to gain Canadian work experience

Visit the website of the Government of Canada for details.

**Your career**

Carleton’s career coaches and counsellors can help you explore your skills and interests and align your degree with a career. They assist with resume and cover letters, job search strategies, and interviews and can organize opportunities such as job shadowing. To access Carleton’s job board, employment workshops and career fairs and to explore what you can do with your degree, go to pathways.carleton.ca.

We have co-op options in over 150 programs, streams and concentrations.

Some benefits of participating in the co-op program:
- Learn essential job search skills and build your professional network
- Put theory into practice and solve real-world problems in your field of study
- Develop professional skills that employers are looking for
- Explore different career environments to find your best fit
- Earn money to help with tuition costs

“Co-op” = paid work experience

Through our Co-op Program, Computer Science student Kevin Guy and Software Engineering student Shasthra Ranasinghe worked with DRS Technologies Canada. They worked with a small team to develop software for an all-new deployable flight recorder.

**I’m part of the Dev Degree program, where I take computer science courses at Carleton and work at Shopify to learn practical knowledge. It’s been an amazing learning experience for me! It helps me understand and apply what I learn in class, and the support I receive is wonderful, making the transition from high school (in a different country) to university very smooth and positive!”**

Ketki, Bachelor of Computer Science
From: India

Carleton campus

Our campus is a green oasis in the heart of Canada’s capital city.

A large, self-contained campus just outside downtown, Carleton is surrounded by parks, the Rideau River, Rideau Canal and Dow’s Lake. Carleton is closely connected to downtown by transit and bike paths, which means students can make the most of what Ottawa has to offer. On campus, students can study by the river, experience nature, and access facilities such as our award-winning library, multiple restaurants and coffee shops, athletics, medical clinic and art gallery.

- **Access state of the art facilities.** No matter your program, Carleton offers labs and facilities to give you up to date industry knowledge and experience, including digital newsrooms and broadcast studios, design studios, rapid 3D prototyping equipment, laser cutting, and 100+ labs for chip fabrication, gaming, flight simulation, wind tunnels and more!

- **Stay fit and have fun!** Make the most of Carleton’s Fitness Centre, 80+ fitness classes, swimming pool, ice rinks, indoor track, soccer and football stadiums, basketball and tennis courts, intramural and varsity sports.

- **Create connections and explore your interests.** 300+ clubs and societies covering everything from academics, culture, social and environmental justice to gaming, athletics and more!

- **Enjoy the convenience of living on campus and make friends.** 11 residence halls provide a close-knit, supportive community.

Ottawa International Airport: 15 minute drive to/from campus.

Another option is to fly to Toronto or Montreal and travel to Ottawa by bus or train.

Campus is well connected - by train, public transportation or a short taxi ride.

“The thing I really like about Carleton is the humongous campus. It feels good to have so much open space. There’s a lot to explore. One of my favourite spots is the river. It feels soothing and relaxing. It’s just one of the perfect spots to sit around or study, especially in the summer. It’s a great experience to live and study here at Carleton.”

**Akriti**, Bachelor of Arts (Psychology)

Carleton University acknowledges the location of its campus on the traditional, unceded territories of the Algonquin nation.
Living in residence

Last year, over 3,600 students chose to live on campus in one of our residence buildings. Living in residence is a great choice for international students who are adjusting to a new life in Canada.

What does residence offer?

Friendship
- Experience university life as part of a vibrant, close-knit community
- Meet people who come from around the world and make friendships that last a lifetime

Support
- Access support from a network of Residence Life staff who are there to help you reach your academic and personal goals
- Benefit from counselling, mental health mentors, activities and stress-busters to help you maintain balance

Convenience
- Get to class, meals or workouts within minutes via underground tunnels
- Live minutes away from your classes, the library, athletics and a large dining hall
- Easily arrange meetings with friends, study partners or professors

Community
- Participate in events, programs and committees in and around residence
- Visit Raven’s Roost, your student hang out with video games, pool tables, tv and more
- Volunteer as a Mental Health Champion

Two living styles
Traditional or suite-style rooms
The majority of our rooms for first-year students are traditional double rooms, with shared washroom facilities. A limited number of single rooms are available for first-year students. The suite style provides four-person suites (either two doubles or four singles) with a shared common area, washroom facility and small food preparation area with a fridge and microwave.

First-year residence guarantee
At Carleton, a double traditional room is guaranteed to all new, first-year students entering directly from high school—provided they receive an offer of admission on or before May 17, 2024.
To confirm your space:
- Accept your offer of admission
- Accept the residence offer
- Pay the deposit by June 10, 2024 at 11:59 ET

If you do not qualify for a guaranteed space in residence, you can still apply on a first-come, first-served basis. housing.carleton.ca/applying-to-residence

Take a virtual tour of residence
virtualtour.carleton.ca

All Access Meal Plan
First-year students living in residence will be enrolled in the All Access Meal Plan, which provides unlimited entry into our dining hall (known as “the Caf”) and $100 Dining Dollars. For students living in suite-style residences, there is a Reduced Meal Plan option, which offers ten meals per week and $300 Dining Dollars. The Caf sources food locally, accommodates dietary needs and offers an “all you care to eat” experience featuring a variety of meals cooked right in front of you. housing.carleton.ca/fees-and-food

Cost (2023-2024)
Traditional residence: $12,385 Double Room to $13,735 Single Room with Internet and All Access Meal Plan. Suite-style residence: $13,755 Double Room to $15,205 Single Room with Internet and All Access Meal Plan. housing.carleton.ca/fees-and-food

Off-campus accommodation
Carleton has resources, tips and advice for first time renters on our website. housing.carleton.ca/off-campus-housing

Dining Services has a dietician to help with your dietary needs, including vegetarian, vegan, halal, gluten-free and allergies. They also take recipe requests if you’re missing a particular dish from home. dining.carleton.ca

“I met my first friends living with five other people in a suite. It was amazing! You do your own laundry and cleaning of course, but the food and everything else is covered. You don’t have to think about rent or groceries. You can just focus on school, clubs and the gym. It’s the best way to get to know everyone and find your way around.”

Mariam, Bachelor of Commerce

**Campus Life**
- Fall Orientation
- Peer mentors
- Alternative Spring Break
- Clubs and societies
- Fun activities such as movie nights, games and contests!

**Offered by:**
- Student Experience Office
- Carleton University Student Association
International Student Services

Programs and services tailored just for you.

The International Student Services Office (ISSO) is dedicated to helping you adjust to university life and making sure you get the most out of your Canadian university experience. This includes:

**Settling in**
- I-Start is our international orientation program before you start at Carleton
- Advice on pre-arrival, study permits, health insurance

“At Carleton, I had access to a variety of student services, and there were some particularly valuable to me. For example, peer-Assisted Study Sessions (PASS) assisted me in reviewing difficult concepts of the course and preparing for the midterm and final exams.”

**Quynh**, Bachelor of Computer Science
From: Vietnam

**Fun cultural and social activities**
- Snowshoeing in Gatineau Park, ‘Hockey 101’, Canadian cooking classes, museum outings, skating on the Rideau Canal

**Workshops**
- Immigration and study permits
- Health insurance (UHIP)
- Ottawa housing search
- Working in Canada
- Preparing for winter

**Peer support**
- Participate in the First Year Connections and Global Cafes to meet upper year current students who can provide insights and support as you navigate the social, cultural, and academic transition to life at Carleton University and in Ottawa.
