*Refer to 2019 Carleton University Viewbook (pp. 68-69)
Ontario Student Assistance Program

- Preliminary estimates based on 2018-19 tuition fees and existing assessment rules.

- After a large increase in OSAP applications in 2018-19; a smaller incremental increase in applications is expected in 2019-20.

- The large increase in applications received by individual schools was driven by students submitting multiple OSAP applications.

- OUAC --> OSAP and OCAS --> OSAP linking process. We would like to see more students complete the linking process.

- OSAP Message Centre is key student communication channel.
Ontario Student Assistance Program

Application

• Students can apply for OSAP right after completing their OUAC/OCAS applications.
• No more searching for school and program (matched based on OUAC/OCAS selections).

Streamlined process

• Students can quickly submit applications for multiple schools/programs.
• Online tools allow students to review the status of their application(s) and compare funding estimates between program choices.
• Students can quickly and easily upload supporting documents via the OSAP application portal (e.g. Disability Verification Form).
• Use of OSAP Student Application Portal is key.
Awards Office services:

- Awards and financial aid administration and advising
- Financial aid reviews/appeals
- Budgeting tools
- High school outreach
- Subject matter expertise for high school guidance teams
